No

Everything was okay, although some things could have been better, we have to improve in some aspects

I do a lot of new friends

nothing, it was nice

It was a good trip without problems, our twins were perfectly combined with us with the same hobby and tastes.

I really appreciated the hospitality of the school, the family and the students. It was a really nice experience to share with the friends I made there.

It was very funny and exciting

It was a great experience that I will never forget.

This experience was perfect! I felt part of a group, wanted, and it was an amazing experience that I never forget!

Everything was pretty nice and the weather was also perfect

The organisation was very nice and we all enjoyed the project

I had a lot of fun but the organisation was a little bit bad

I think that it would be better the foreign students don't assist to some classes because it's boring for them.

It was amazing, but i would like to visit more thing of Barcelona

We could not do the Erasmus activities.

it was a pleasure to meet new people and to visit new places. The guy with them was great

It was an unforgettable experience in which I met a lot of wonderful people and where I discovered the culture, traditions and beautiful places of Barcelona

I like this experience and I would respeta

This experience changed me a lot, it was a fabulous trip and I met wonderful people. I would gladly do it again.

It would have been better to do a trekking near Barcelona and visit some beautiful coastal city, because we lost a lot of time in the trip to the exili route that could have been taken advantage of in doing different activities. Also quite a few students could not go.

Had a wonderful time! It was very harmonious and well organized. The students and teachers got on brilliantly.
